A SUPERWINCH DISTRIBUTOR WITH THE EMPHASIS ON TECHNICAL EXPERTISE

Professional operators want the best technical advice when selecting a winch. They need to be sure that the product they buy is the safest and most suitable for the job, providing complete reliability and minimal vehicle down time.

Winchmaster sales engineers provide valuable advice and guidance, plus a comprehensive winch installation service. They pride themselves in giving a comprehensive parts backup – with next day delivery throughout the UK.

A service that sets Winchmaster apart from other Superwinch dealers!

APPLICATIONS

Superwinch EP12.5 and EP16.5 – rugged, high performance, general purpose winches with a rated line pull of either 5670kg or 7484kg. The 3-stage planetary drive is engineered to ensure reliability during winching operations.

Available in 12v or 24v DC.

OPTIONS

- Mount plate
- Cable tensioner
- Electrical isolator switch
- FM•CONNECT remote control
- Slider or standard snatch block to increase pulling efficiency

Please note:

The roller guide shown does not fit directly on to the winch, a mount plate must be used. Winch is shown without mount plate for clarity.
